SACE schools by country

65,000 students study the SACE each year in 360+ schools across Australia and the Asia Pacific.

A strong record
of success.
More than
40,000
graduates outside
of Australia.

**Long-established.
Highly respected.**
SACE has a
teaching heritage
stretching back to
1874.

Why SACE is a great choice

- ✓ Entry to universities worldwide
- ✓ Accepted by the world's top-ranked universities
- ✓ Deep academic knowledge, plus critical skills for success at university
- ✓ Builds on individual strengths and inspires you to be your best
- ✓ Real-world aligned, consistent assessment
 - a mix of coursework and exams - instead of just stress cramming for exams at the end of the program
- ✓ Not 100% focused on exams like other international programs

SACE success stories

One of my favourite things about SACE is the variety of assessment. There's a really nice balance between tests, practical evaluations and presentations. It keeps me engaged with the content. I plan on studying medicine and the subjects I'm doing, equip me with the knowledge and skills I need for university.

Brian from South Korea is studying the SACE.

The SACE teaching staff were very supportive from day one, to help me achieve my dreams and goals.

Nadzeem studied the SACE in Malaysia and now studies Accounting & Finance at the University of Sydney.

The amount of support I received studying SACE was amazing. I loved it. The teachers were always there for me, with extra resources and help with problems.

Van from Vietnam, gained a full scholarship to Washington State University.
