

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the [key drivers](#) in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

Music Explorations enables students to self-direct their musical journey by exploring an area of interest within any form of music making. By developing a personal exploration process, students will understand how they learn and use this to progress their individual musical learning goals. Through this, students will develop their personal musical identity creating avenues for musical self-expression in their future.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
