

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the key drivers in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

In Creative Arts students will courageously embrace their imagination to develop their own creative outcomes. They will explore ways to use their authentic voice as they work within, across and beyond arts discipline boundaries. Through connecting to practitioners, working in a creative process and creating with intent, students will become emerging creatives.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
