

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the key drivers in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

Students of Drama will grow into confident and creative individuals as they create meaning through drama-making. By exploring personal, social, and cultural perspectives, students develop compassion and courage. Through engaging with theatre, film and dramatic industries, students build transferrable skills such as storytelling, problem-solving and resilience that will serve them in their future. Combined with using the dramatic process in a range of contexts, students will use these experiences to create worlds for audiences and find their own place in the world.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
