

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the key drivers in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

Students of Spiritualities, Religion and Meaning seek to understand what it means to be human by exploring and reflecting on their beliefs, values and experiences. Through engagement with multiple perspectives across diverse faiths and cultures, they challenge assumptions, expand worldviews and deepen their understanding of identity, spirituality and faith as the essence of humanity. They apply their understanding of spiritual, religious, cultural and ethical perspectives to transform dialogue, influence behaviour and inspire compassionate action in their world.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
