

What is a vision statement?

The vision statement should be a clear and inspiring description of what the subject aims to achieve in the future. It's like a guiding star—defining aspirations and setting a long-term direction. Think of it as answering the question: "Where do we want to go?" It's meant to be ambitious, motivating, and forward-thinking.

Guiding criteria:

- Makes clear what is unique to the subject
- Reflects the key drivers in the context of that subject
- Is focussed on the essence of the subject
- Future focussed

Vision statement

Students who study languages at the background level will explore, develop and celebrate their linguistic and cultural heritage, taking ownership of their learning through reflection and meaningful engagement.

Students will develop advanced intercultural literacy, critical thinking and adaptable communication skills.

They will increase their self-awareness as global citizens and equip themselves to navigate a rapidly evolving, interconnected world.

NB: as Subject Renewal Groups (SRGs) progress through the Subject Renewal process, plans and documents will be further refined and updated.
