Release of information to the SACE Board

I consulted my medical practitioner on my medical practitioner to complete Section 2: Confidential medical practitioner's report A and B to the SACE Board of South Australia.				
I give permission for a medical practitioner appointed by the Board, or officers of the Board, to obtain further details from my medical practitioner if considered necessary by the Board. I understand that the SACE Board will treat this information confidentially. I agree to my medical practitioner disclosing to the SACE Board of South Australia the information given by him or her in this form, which I have asked him or her to send directly to the SACE Board.

Advice to students requiring a confidential medical practitioner's report for a serious medical condition (including illness) or a psychological disorder

- Approval of a request for the use of a derived result requires strong supporting evidence from the school and from a medical practitioner *who is not related to you*.
- For your application to be considered, the medical information provided must be more detailed than a 'medical certificate of sickness'.
- You may request the use of a derived result if you:
 - are unable to attend an examination. You must advise your SACE coordinator or principal as soon as possible and consult with your medical practitioner on the day of the examination.
 - sat an examination or performed while impaired by a serious medical condition (including illness) or a psychological disorder.
 You will need to consult your medical practitioner on the day of the examination. Do not miss an examination merely because you do not feel able to do your best. If you are eligible, the SACE Board will use the higher of your actual result and your derived result
 - suffered from a serious illness of 3 or more days' duration immediately before an examination. You will need documentation
 from your medical practitioner for the period of 3 or more days immediately before the examination. Your medical
 practitioner will need to state the dates and duration of your illness.
- Loss of preparation time or reduced effectiveness of preparation because of illness are not grounds for the use of a derived result.

Section 2: Confidential medical practitioner's report - part B

- The information in this report will be treated as confidential.
- Any consultation fee involved is the responsibility of the student.

This report is for a student who is requesting the use of a derived result because of a serious condition. This result can be used in any of the following three circumstances in which the student:

- was unable to attend an examination because of a serious medical condition (including illness) or a psychological disorder
- sat an examination or performed while impaired by a serious medical condition (including illness) or a psychological disorder
- suffered a serious illness of 3 or more days' duration immediately before an examination.
